5 of 5 review helpful Must Have Companion By Soliasi I won t lie I needed this book as part of my class curriculum
And as many students know you don t really get the option when it comes to required books So I would like to direct
this review to current and future professors looking for good material Mike Meyers is a genius writer His approach is
professional but very casual and informal There is a lot of tongue in Practice the IT Skills Essential for Your Success
90 lab exercises challenge you to solve problems based on realistic case studies Lab analysis tests measure your
understanding of lab results Step by step scenarios require you to think critically Key term quizzes help build your
vocabulary Lab solutions are only available to instructors and do not appear inside the book In this lab manual you ll
practice Buildin About the Author Mike Meyers CompTIA A CompTIA Network CompTIA Security MCP is the
industry s leading authority on CompTIA A certification and the bestselling author of seven editions of CompTIA A
Certification All in One Exam Guide He
