**By Rajkumar Buyya, Christian Vecchiola, S.Thamarai Selvi : Mastering Cloud Computing: Foundations and Applications Programming** mastering cloud computing foundations and applications programming authors rajkumar buyya christian vecchiola and s mastering cloud computing is designed for undergraduate students learning to develop cloud computing applications tomorrows applications wont live on a single Mastering Cloud Computing: Foundations and Applications Programming:

2 of 2 review helpful Comprehensive and Technical By Soha S Zaghloul This textbook lays first the background about

the core concepts of the Cloud Computing namely the Parallel Distributed Computing and the Virtualization Then the authors reveal the concept of Cloud Computing in detail In addition the authors explain a CC environment Aneka Therefore the reader may skip the first part if it is well known an Mastering Cloud Computing is designed for undergraduate students learning to develop cloud computing applications Tomorrow s applications won t live on a single computer but will be deployed from and reside on a virtual server accessible anywhere any time Tomorrow s application developers need to understand the requirements of building apps for these virtual systems including concurrent programming high performance computing and data intensive syst

### **mastering cloud computing foundations and applications**
