From Ingramcontent : Energy Efficiency in Data Centers and Clouds, Volume 100 (Advances in Computers)

energy efficiency for data center and cloud computers laptops volume 3 issue 4 october 2013 the energy of energy efficient data centers and cloud computing the ever increasing energy advances in computers ataxonomyand survey of energy efficient data centers 49 Energy Efficiency in Data Centers and Clouds, Volume 100 (Advances in Computers):

Advances in Computers carries on a tradition of excellence presenting detailed coverage of innovations in computer hardware software theory design and applications The book provides contributors with a medium in which they can explore their subjects in greater depth and breadth than journal articles typically allow The articles included in this book will become standard references with lasting value in this rapidly expanding field About the Author A R Hurson is currently a professor and Chair of Computer Science department at Missouri S T Before joining Missouri S T he was a professor of Computer Science and Engineering department at The Pennsylvania State University His research f
