By Claudia McCue : Real World Print Production with Adobe Creative Cloud (Graphic Design & Visual Communication Courses) real world print production with adobe creative cloud graphic design and visual communication courses kindle edition by claudia real world print production with adobe that will help them create files using the adobe creative cloud graphic design and visual communication courses Real World Print Production with Adobe Creative Cloud (Graphic Design & Visual Communication Courses):

8 of 8 review helpful This is how instruction manuals should be written By Prim n Eggs I edit and lay out books for a living and I supplement my brief formal education by self teaching from books I have no fewer than 15 such manuals

on the shelf over my Mac on subjects ranging from HTML to the Adobe Creative Suite to QuickBooks and beyond I wish Claudia McCue had written every one of them Her writing is clear and concise Sharpen your print production skills with this definitive resource created specifically for design professionals who need to create files using the Adobe Creative Cloud including InDesign Photoshop Illustrator and Acrobat and output for printing nbsp The previous edition was steady seller helping designers who have no training in print get up and running quickly and not make expensive About the Author Claudia Mccue is a prepress pro with more than 25 years of hands on experience She is the owner of Practicalia an independent training provider specializing in Adobe products retouching and color correction and resolve
