By Paul John Werbos : The Roots of Backpropagation: From Ordered Derivatives to Neural Networks and Political Forecasting (Adaptive and Cognitive Dynamic Systems: Signal ... Learning, Communications and Control) the roots of backpropagation from ordered derivatives to neural networks and political forecasting adaptive and cognitive dynamic systems learning signal originally written for readers who lacked any knowledge of neural nets the roots of backpropagation for forecasting and control learning could only take The Roots of Backpropagation: From Ordered Derivatives to Neural Networks and Political Forecasting (Adaptive and Cognitive Dynamic Systems: Signal ... Learning, Communications and Control):

Now for the first time publication of the landmark work in backpropagation Scientists engineers statisticians operations researchers and other investigators involved in neural networks have long sought direct access to Paul Werbos s groundbreaking much cited 1974 Harvard doctoral thesis The Roots of Backpropagation which laid the foundation of backpropagation Now with the publication of its full text these practitioners can go straight to the original materi From the Publisher Features original papers on backpropagation the most widely used algorithm in the artificial neural network field Numerous examples of applications and theorems demonstrate how to calculate relevant derivatives at an acceptable cost s the
