5 of 5 review helpful Decent information but not a Network study guide By Justin R Knowles I m not exactly sure what this book is intended for I don t want to give the wrong impression The material covered is for the most part accurate and somewhat useful but other portions of the book are outdated As a CompTIA Network exam study guide the book is just about worthless The book was required text for a college Competency based learning for the academic

classroom Developed for academic courses NETWORKING ESSENTIALS PLUS THIRD EDITION helps students build the skills they need on the job and for professional certification including the new CompTIA Network credential The textbook delivers official Microsoft reg curriculum adaptable for either a full 16 week semester or a 6 8 or 10 week course Thoroughly updated with new topics and improved organization NETWORKING ESS
