3 of 3 review helpful Waste of money and time By JFC7 I just bought this product because I needed for college but to be honest the activities are pretty basic I mean it is very expensive for the activities it has and the lab activities even have mistakes like to score 50 out of 100 without any reason and impossible to reach 100 points because of some unknown error I do not recommend this product is With powerful computer based exercises simulations and in depth

remediation capabilities LabConnection trade provides a uniquely integrated supplement to hands on Network courses and can be used both as a virtual lab and homework assignment tool LabConnection supports Cengage Learning s Network Guide to Networks textbook and the Network certification exam and offers remediation towards both LabConnection by dti Publishing is a system that enables exercises an About the Author Pierre Askmo president of dti Publishing has extensive experience in the IT certification field Mr Askmo s deep involvement in the IT industry is testified to by his involvement as a Cornerstone Founding Partner of the A Certification progr
