By Xiao Liu, Dong Yuan, Gaofeng Zhang, Wenhao Li, Dahai Cao, Qiang He, Jinjun Chen, Yun Yang : The Design of Cloud Workflow Systems (SpringerBriefs in Computer Science) the design of cloud workflow systems to the three critical aspects for the design of a cloud workflow system springerbriefs in computer science the design of

cloud workflow systems springerbriefs in computer science kindle edition by xiao liu dong yuan gaofeng zhang wenhao li The Design of Cloud Workflow Systems (SpringerBriefs in Computer Science):

Cloud computing is the latest market oriented computing paradigm which brings software design and development into a new era characterized by 'XaaS' i.e. everything as a service. Cloud workflows as typical software applications in the cloud are composed of a set of partially ordered cloud software services to achieve specific goals. However, due to the low QoS quality of service nature of the cloud environment, the design of workflow systems in the cloud is a challenge. From the reviews, 'This short well-written book presents a comprehensive treatment of workflow systems for cloud computing. The book is organized into five chapters and five appendices plus a bibliography. The bibliography lists 92 works that deal with
