By Joel J.P.C. Rodrigues : Mobile Networks and Cloud Computing Convergence for Progressive Services and Applications (Advances in Wireless Technologies and Telecommunication)

Mobile Networks and Cloud Computing Convergence for Progressive Services and Applications (Advances in Wireless Technologies and Telecommunication):

Recent technology trends involving the combination of mobile networks and cloud computing have offered new chances for mobile network providers to use specific carrier cloud services. These advancements will enhance the utilization of the mobile cloud in industry and corporate settings. Mobile Networks and Cloud Computing Convergence for Progressive Services and Applications is a fundamental source for the advancement of knowledge application and practice. About the Author: Joel J P C Rodrigues is a professor at the University of Beira Interior UBI Covilhã, Portugal, and researcher at the Instituto de Telecomunicações, Portugal. He is the Director of the Master degree in Informatics.
