0 of 0 review helpful Great book to start your BSCI studies By An Opinion There are two main advantages that this book has over others first it is very accessible for beginners and second it has actual network building exercises This

really helps to get your study going I tried the Certification Guide first but just couldn't get into the material I mean the information was there but it just wasn't clicking with me Th Learn intermediate and advanced routing techniques with the only Cisco authorized self study book for CCNP routing foundation learning Learn intermediate and advanced routing techniques from the newest edition of the best selling CCNP BSCI foundational learning book From the Back Cover Learn intermediate and advanced routing techniques with the only Cisco authorized self study book for CCNP routing foundation learning Learn intermediate and advanced routing techniques
