Security (Networking Technology: Security):

2 of 2 review helpful Provides a really good overview of the topic By Ben Rothke When someone calls 911 in a panic

to report an emergency within seconds the dispatcher knows where the call is coming from and help is often only moments away When it comes to computer security incidents often companies are not as resilient in their ability to quickly respond Take for instance the TJX Cos data breach where in Computer Incident Response and Product Security nbsp The practical guide to building and running incident response and product security teams nbsp Damir Rajnovic nbsp Organizations increasingly recognize the urgent importance of effective cohesive and ef About the Author Damir Rajnovic finished his education in Croatia where in 1993 he started his career in computer security He started at the Croatian News Agency Hina then moved on to the Ministry of Foreign Affairs and finally
