tradeoffs and solutions foundations and trends in networking by publications at quot;foundations and trends in networkingquot; building reliable storage clouds models fundamental tradeoffs and solutions foundations and trends Building Reliable Storage Clouds: Models, Fundamental Tradeoffs, and Solutions (Foundations and Trends(r) in Networking):

With the proliferation of cloud computing there has been a rejuvenated interest in two aspects of distributed computing The first perspective is seen through the eyes of the cloud providers and asks how should we build global storage services for cloud hosted services and applications at scale with high reliability and availability guarantees in a cost effective way The second perspective is seen through the eyes of the service providers that use public clouds and
