1 of 1 review helpful Good book but a bit outdated By Wi Fi enthusiast This was a good book when printed However

things change rapidly on the Internet and the book now lists several cloud based services that are now defunct In addition several great new sites are not mentioned Perhaps it is time for a new update 0 of 0 review helpful Muuy bien By Barbara Estrada The Rough Guide to Cloud Computing is your essential how to guide for taking your life online sharing 100 websites that will change your life forever This guide takes a practical view at the phenomena of cloud computing in simple terms computing that takes the focus away from applications that live on home PCs and instead puts it all online This guide will teach you how to use these tools to become more productive find new ways to work and of course play o About the Author Peter Buckley has co authored best selling titles including The Rough Guide to Macs OS X and The Rough Guide to The Internet
