13 of 13 review helpful A worthwhile investment By Connie J Jaspersen Very useful I work from home as an indie

and am on a shoe string budget I had problems with Windows Live Mail freezing and not loading and switched to gmail for my work This book was a worthwhile investment for me as I am now getting the best use out of a free email service that I had all along as part of creating a professional page for Google Are you looking for a free email provider but you are not sure where to start Do you use Gmail already but want tips on how to use it more effectively Maybe you want to organize your emails better Even if you just feel you are spending too much time on your email then this guide for your Google mail account is for you A Simpler Guide to Gmail is a complete illustrated Gmail users guide to setting up and using the free em About the Author Ceri Clark has had over a decade of experience developing print and electronic collections in private and public libraries She has created how to guides throughout her career helping library patrons to find the resources they need Armed with a
