By Krzysztof Walkowiak : Modeling and Optimization of Cloud-Ready and Content-Oriented Networks (Studies in Systems, Decision and Control)

modeling and optimization of cloud ready and content oriented networks studies in systems decision and control krzysztof walkowiak on amazon free shipping this book focuses on modeling and optimization of cloud ready and content oriented networks in the studies in systems decision and control Modeling and Optimization of Cloud-Ready and Content-Oriented Networks (Studies in Systems, Decision and Control):

This book focuses on modeling and optimization of cloud ready and content oriented networks in the context of different layers and accounts for specific constraints following from protocols and technologies used in a particular layer It addresses a wide range of additional constraints important in contemporary networks including various types of network flows survivability issues multi layer networking and resource location The book presents re From the Back Cover This book focuses on modeling and optimization of cloud ready and content oriented networks in the context of different layers and accounts for specific constraints following from protocols and technologies used in a particular layer I
