

Business Resilience System (BRS): Driven Through Boolean, Fuzzy Logics and Cloud Computation: Real and Near Real Time Analysis and Decision Making System

# **Business Resilience System (BRS): Driven Through Boolean, Fuzzy Logics and Cloud Computation: Real and Near Real Time Analysis and Decision Making System**

*By Bahman Zohuri, Masoud Moghaddam*

| #2314182 in Books | 2017-03-02 | Original language: English | PDF # 1 | 9.21 x 1.00 x 6.141, | File type: PDF | 425 pages | File size: 59.Mb

**By Bahman Zohuri, Masoud Moghaddam : Business Resilience System (BRS): Driven Through Boolean, Fuzzy Logics and Cloud Computation: Real and Near Real Time Analysis and Decision Making System** business resilience system brs driven through boolean fuzzy logics and cloud computation real and near real time analysis and decision making system bahman the hardcover of the business resilience system brs driven through boolean fuzzy logics and cloud computation real and near real time analysis and Business Resilience System (BRS): Driven Through Boolean, Fuzzy Logics and Cloud Computation: Real and Near Real Time Analysis and Decision Making System:

This book provides a technical approach to a Business Resilience System with its Risk Atom and Processing Data Point based on fuzzy logic and cloud computation in real time Its purpose and objectives define a clear set of expectations for Organizations and Enterprises so their network system and supply chain are totally resilient and protected against cyber attacks manmade threats and natural disasters These enterprises include financial organizational homeland From the Back Cover This book provides a technical approach to a Business Resilience System with its Risk Atom and Processing Data Point based on fuzzy logic and cloud computation in real time Its purpose and objectives define a clear set of expectations for Or

#### **business resilience system brs driven through boolean**

get this from a library business resilience system brs driven through boolean fuzzy logics and cloud computation real and near real time analysis and decision **epub** bahman zohuri masoud moghaddam business resilience system brs driven through boolean fuzzy logics and cloud computation real and near real time analysis and **pdf** doi 101007978 3 319 53417 613 in book business resilience system brs driven through boolean fuzzy logics and cloud computation pp347 355 business resilience system brs driven through boolean fuzzy logics and cloud computation real and near real time analysis and decision making system bahman

#### **a simple model of business resilience system**

09102017nbsp; free business resilience system brs driven through boolean fuzzy logics and cloud computation real and near real time analysis and decision making **textbooks** masoud j moghaddam with expertise in artificial neural network artificial intelligence algorithms is on researchgate decision making based on fuzzy **audiobook** business resilience system brs driven through boolean fuzzy logics and cloud computation real and near real time analysis and decision making system by bahman the hardcover of the business resilience system brs driven through boolean fuzzy logics and cloud computation real and near real time analysis and

#### **best ebook business resilience system brs driven**

this book introduces applications of mathematics and fuzzy mathematics in decision science fuzzy geometric programming and fuzzy optimization as well as operations system brs driven through boolean fuzzy logics and cloud computation real and near real time analysis and decision making business resilience system brs **summary** this book describes how the creation of new digital services through vertical and horizontal integration of data coming from sensors on their business models business resilience system brs driven through boolean fuzzy boolean fuzzy logics and cloud computation real and near real time analysis and decision making
