Papers (Lecture Notes in Computer Science):

This book presents 14 rigorously reviewed revised papers selected from more than 50 submissions for the 1994 IEEE Nagoya University World Wisepersons Workshop WWW 94 held in August 1994 in Nagoya Japan The combination of approaches based on fuzzy logic neural networks and genetic algorithms are expected to open a new paradigm of machine learning for the realization of human like information processing systems The first six papers in this volume are devoted to t
