By Faith J Shimba : Cloud Computing: Strategies for Cloud Computing Adoption ibm gts cloud advisory services creating a cloud computing strategy first in a series your roadmap to cloud adoption contents 1 introduction 2 evaluating how microsoft is on a multi year journey to adopt cloud computing throughout the company this complex and strategic undertaking involves multiple teams public cloud Cloud Computing: Strategies for Cloud Computing Adoption:

The advent of cloud computing in recent years has sparked an interest from different IT stakeholders. This is a result of the new economic model for the IT department that cloud computing promises. The model promises to remove the need for heavy investment for limited IT resources towards renting IT resources and paying based on usage. Although the adoption of cloud computing promises various benefits to organizations, a successful adoption requires an understanding of. About the Author Faith J Shimba MSc Studied computing Information Technology at Dublin Institute of Technology DIT in Ireland. He is Instructor in Decision Support systems and Information Security at The Institute of Finance Management IFM Dar es salaam T
